RIVERSIDE SHERIFFS' ASSOCIATION BENEFIT TRUST Open Enrollment 2020

IMPORTANT OPEN ENROLLMENT INFORMATION Please Read Carefully

Open Enrollment will run from **October 1st through October 31st**. You can log into Plansource to make your changes 24 hours a day, 7 days a week from your own computer or laptops will be available in the RSA benefits office **from 8:00 a.m. – 5:00 p.m. Monday through Friday**, with the exception of Monday, October 14th in observance of Columbus Day. **Changes will take effect January 1, 2020.**

Over the last four years, Kaiser has increased their rates an average of 11.2% and the trust has absorbed the vast majority of these rate increases. For 2020, there will be a slight payroll deduction increase for the Kaiser plans. However, the Anthem plans are averaging lower increases and the trustees are happy to report that the payroll deductions will not be increasing for the Anthem plans. **This will be the EIGHTH YEAR IN A ROW that payroll deductions have not increased on the Anthem medical plans.**

There will be no payroll deduction increases for the dental and vision plans offered through the trust. Also, there will not be any copay changes for the medical, dental, or vision plans offered through the trust. The Trustees of the RSA Benefit Trust have worked very hard alongside our consultants to ensure that the Benefit Trust offers best-in-class healthcare plans and optional insurance coverages at affordable costs while providing exceptional service for all of our members.

We are excited to announce a change to the Benefit Trust's wellness program beginning January 2020! After going through a bidding process, the trustees voted unanimously to replace Healthyroads with Virgin Pulse. Virgin Pulse offers a more modern platform that will allow our members to earn points for a variety of healthy activities. These points will earn you incentives that can be immediately redeemed for "Pulse Cash". Members and enrolled spouses can each earn up to \$200 in incentives in 2020! Please look out for additional communications on the new program. We encourage everyone to take advantage of these meaningful incentives and to take an active role in managing your own health. By participating in the program, you are doing your part to help keep our premiums down so that the RSA Benefit Trust will continue to be able to offer the same great plans at affordable costs.

Please log into the PlanSource System and verify all of the health insurance plans that you have are correct, as well as read any changes those plans may have for 2020 (included in this booklet on page 6). The RSA Benefit Trust staff as well as Brown Insurance Services will be available to assist you in verifying your current plans so you can determine if you wish to make any changes.

Be sure to stop by the RSA Health Fair at the Sheriff's Picnic on Saturday, October 12, 2019, from 10:00 a.m. – 3:00 p.m., at Diamond Valley Lake Community Park in Hemet. You can get a free flu shot if you're one of the first 150 trust participants to request one! Giveaways and raffle prizes will also be available!

IF YOU DO NOT WISH TO MAKE A CHANGE TO YOUR CURRENT BENEFITS THEN NO ACTION IS REQUIRED DURING OPEN ENROLLMENT.

For Your Board of Trustees,

A handwritten signature in black ink, appearing to be "R Furtado".

Benefit Trust Chairman

Explanations of Medical Plan Options

Kaiser Permanente

Services must be provided, prescribed, authorized, or directed by a plan physician or facility within the covered service area. A list of covered zip codes are provided in the Kaiser enrollment packet. For members who reside in Coachella Valley and Western Ventura County, you must choose a primary care plan physician within the “affiliated provider” network. For more information, please contact the benefits office. You will have co-payments for approved services. Hospitalization is covered at 100% and there is a co-payment for emergency room visits.

Anthem California Care/Select HMO

Your primary care physician will belong to either a medical group or an IPA. In order to serve you best, you must live or work within 15 miles or 30 minutes of your medical group. All care, except in a medical emergency, must be provided or authorized by assigned primary care physician, medical group, or IPA. You will have co-payments for approved services.

Medical Group - A team practice of physicians and health care providers. Most services, including special exams, X-ray and lab tests, are usually available at the medical group’s facility.

Independent Physician Association (IPA) - A medical partnership of physicians who practice in private offices. The IPA physician may refer you to other locations for special services, including special exams, X-ray and lab tests.

Anthem EPO (Blythe Residents Only)

Since there are no HMO providers in the Blythe Area, you may choose a provider from the Anthem Prudent Buyer network. Most benefits are only payable if you visit a Anthem PPO network health care provider. However, you may receive an exception if Anthem authorizes a referral when there is no Anthem PPO network health care provider within a 25-mile radius of your home who can perform the services you need. It is the member’s responsibility to verify that a provider is a Anthem PPO health care provider.

The Prudent Buyer provider might wait for the Explanation of Benefits (EOB) to determine how to bill you for their services. However, at the time of service, the provider may ask you for payment of your office visit co-payment, plus a percentage of charges that are not covered under your benefits. **When using Non-PPO and Other Health Care Providers for an authorized referral, an emergency, or urgent care, members are responsible for any difference between the allowed amount & actual charges, as well as any deductible & percentage co-payment.**

Anthem PPO

You may choose to seek services from a PPO (Prudent Buyer) provider from the Anthem network. For these services, you will have a co-payment for your office visits and pay an annual deductible and percentage for other services (i.e. lab work, x-rays, hospitalization). PPO providers bill Anthem for services. You will receive an Explanation of Benefits (EOB) from Anthem determining their payment and your out-of-pocket expenses. You do not need a referral to seek services from a PPO provider.

If you “Opt-Out” and choose a non-network provider, you will likely pay higher out-of-pocket expenses and need to file a claim with Anthem for reimbursement or processing of claims. You will receive an Explanation of Benefits (EOB) from Anthem determining their payment and your out-of-pocket expenses.

When using Non-PPO and Other Health Care Providers, members are responsible for any difference between the allowed amount & actual charges, as well as any deductible & percentage co-payment. You do not need a referral to seek services from a non-network provider.

Anthem Blue Card (Out-of-State) Plan

You have the option of choosing providers from the PPO (Prudent Buyer) network or Non-PPO providers. For services from a PPO provider you will have a co-payment for your office visits and pay an annual deductible and percentage for other services (i.e. lab work, x-rays, hospitalization). PPO providers bill Anthem for services. You will receive an Explanation of Benefits (EOB) from Anthem determining their payment and your out-of-pocket expenses.

If you “Opt-Out” and choose a non-network provider, you will likely pay higher out-of-pocket expenses and need to file a claim with Anthem for reimbursement or processing of claims. You will receive an Explanation of Benefits (EOB) from Anthem determining their payment and your out-of-pocket expenses.

When using Non-PPO and Other Health Care Providers, members are responsible for any difference between the allowed amount & actual charges, as well as any deductible & percentage co-payment.

Medicare Plan Options

All RSA sponsored medical plans have Medicare plan options available to you and/or your spouse. You will not have to change providers, however a new enrollment application and copy of Medicare card is required. Medicare supplemental plan applications should be submitted to the Benefits Office at least one month before your Medicare effective date. You are required to enroll in Medicare Parts A & B if eligible. **Do not enroll in Part D coverage through Medicare.**

The HIPAA Law and How It Affects You

The Federal Health Insurance Portability and Accountability Act (HIPAA), includes a Privacy Rule that establishes safeguards that health carriers, doctors, brokers, and benefits administrators must use to protect the privacy of health information.

The Benefit Trust has put procedures in place to ease your mind. If you have a claims issue, a question as to why a certain procedure or prescription was not covered fully; the Benefit Trust must have you sign an authorization form before the health carrier will release information to us. If you have not already done so and would like to designate a personal representative, please contact the Benefits Office to have a form mailed to you. The personal representative does not need to be enrolled in your insurance coverage, but must know your social security number. As always, in emergency situations we will do whatever it takes to get you the care you need.

Your medical, dental and vision plans have phone numbers and Web sites available to retrieve eligibility, benefit and claims information by using a personal pin. To find out more, see Your Contacts on page 11 or log onto www.rcdsa.org, and click on Benefit Trust. The carrier links will bring you to the applicable Web sites.

- (e) Uses and disclosures that require your written authorization or consent.

For example, we will not supply confidential information to another company for its marketing purposes (unless it is for Health Care Operations), for sale (unless under strict legal restrictions), or to a potential employer with whom you are seeking employment without your signed authorization. Your written authorization generally will be obtained before the Plan will use or disclose psychotherapy notes about you from your psychotherapist.  - (iii) Other uses and disclosures not described in this notices will be made only with your written authorization.
 - (iv) You may revoke an authorization that you previously have given by sending a written request to our Privacy Officer, but not with respect to any actions the Plan has already taken.

Section 2. Rights of Individuals

(a) Right to Request Restrictions on Protected Health Information Uses and Disclosures. You may request the Plan to restrict uses and disclosures of your protected health information to carry out treatment, payment or health care operations, or to restrict uses and disclosures to family members, relatives, friends or other persons identified by you who are involved in your care or payment for your care. While the Plan will consider all requests for restrictions carefully, the Plan is not required to agree to your request. However, the Plan must comply with your request to restrict disclosure of your protected health information for payment or health care operations purposes if you paid for these services in full, out of pocket.

Such requests should be made to the individual identified in Section 5.

(b) Right to Receive Confidential Communications of PHI. The Plan will accommodate reasonable requests to receive communications of protected health information by alternative means or at alternative locations. The Plan must agree to your request if you state that disclosure of the information will put you in danger. You or your personal representative will be required to complete a form to request restrictions on uses and disclosures of your protected health information. Such request should be made to the individual identified in Section 5.

(c) Right to Inspect and Copy Protected Health Information. Except under certain circumstances limited by law, you have a right to inspect and obtain a copy of your protected health information "in a designated record set" for as long as the Plan maintains the protected health information.

"Protected health information" includes all individually identifiable health information transmitted or maintained by the Plan regardless of form.

"Designated record set" includes the medical records and billing records about individuals maintained by or for a covered health care provider; enrollment, payment, billing, claims adjudication and case or medical management record systems maintained by or for a health plan; or other information used in whole or in part by or for the covered entity to make decisions about individuals. Information used for quality control or peer review analysis and not used to make decisions about individuals is not in the designated record set.

The requested information will be provided within 30 days. A single 30-day extension is allowed if the Plan is unable to comply with the deadline. If the information you request is in an electronic health record, you may request that these records be transmitted electronically to yourself or a designated individual. If you request copies of your protected health information, the Plan may charge a reasonable fee to cover the cost.

You or your personal representative will be required to complete a form to request access to the protected health information. Requests for access to protected health information should be made to the individual identified in Section 5. If access is denied, you and your personal representative will be provided with a written denial setting forth the basis for the denial, a description of how you may exercise rights to review and a description of how you may complain to the Secretary of the U.S. Department of Health and Human Services.

(d) Right to Amend Protected Health Information. You have the right to request that the individual identified in Section 5 amend your protected health information or a record about you in a designated record set for as long as the protected health information is maintained by the Plan. You or your personal representative will be required to complete a form to request amendment of the protected health information. The Plan may deny your request if you ask us to amend information that: (i) was not created by the Plan, unless the person who created the information is no longer available to make the amendment, (ii) is not part of the protected health information we keep about you, (iii) is not part of the protected health information that you would be allowed to see or copy, or, (iv) is determined by the Plan to be accurate and complete.

The Plan has 60 days after the request is made to act on the request. A single 30-day extension is allowed if the Plan is unable to comply with the deadline. If the request is denied in whole or part, the Plan must provide you with a written denial that explains the basis for the denial. You or your personal representative may then submit a written statement disagreeing with the denial and have that statement included with any future disclosures of your protected health information.

(e) The Right to Receive an Accounting of Protected Health Information Disclosures. You have the right to request a list of protected health information disclosures, which is also referred to as an accounting.

The list will not include disclosures the Plan has made as authorized by law. For example, the accounting will not include disclosures made for treatment, payment, and health care operation purposes (except as noted in the last paragraph of this subsection (d)). Also, no accounting will be made for disclosures made directly to you or under an authorization that you provided or those made to your family or friends. The list will not include disclosures the Plan has made for national security purposes or law enforcement personnel or disclosures made before April 14, 2003.

The list provided by the Plan will include disclosures made within the last six years (subject to the April 14, 2003 beginning date) unless you specify a shorter period. The first list you request within a 12 month period will be free. You may be charged a reasonable fee for providing any additional lists within a 12-month period.

If the accounting cannot be provided within 60 days, an additional 30 days is allowed if the individual is given a written statement of the reasons for the delay and the date by which the accounting will be provided.

You may also request and receive an accounting of disclosures made by the Plan for payment, treatment, or health care operations during the prior three years for disclosures made as of January 1, 2014 for electronic health records acquired before January 1, 2009, or January 1, 2011 for electronic health records acquired on or after January 1, 2009.

(f) **Personal Representatives.** You may exercise your rights through a personal representative. Your personal representative will be required to produce evidence of his/her authority to act on your behalf before that person will be given access to your protected health information or allowed to take any action for you. Proof of such authority may take one of the following forms: (1) A power of attorney for health care purposes, notarized by a notary public, (2) A court order of appointment of the person as the conservator or guardian of the individual, or (3) An individual who is the parent of a minor child.

The Plan retains discretion to deny access to your protected health information to a personal representative to provide protection to those vulnerable people who depend on others to exercise their rights under these rules and who may be subject to abuse or neglect. This also applies to personal representatives of minors.

(g) **Right to Request a Paper Copy.** If you agree to receive this Privacy Notice electronically, you have the right to obtain a paper copy of this Privacy Notice upon request from the individual identified in Section 5.

Section 3. The Plan's Duties

(a) **General Duty.** The Plan is required to comply with the terms of this notice. However, the Plan reserves the right to change its privacy practices and to apply the changes to any protected health information received or maintained by the Plan prior to that date. If a privacy practice is changed, a revised version of this notice will be provided to all past and present participants and beneficiaries for whom the Plan still maintains protected health information. The revised notice will be mailed to all active and retired plan participants. Any revised version of this notice will be distributed within 60 days of the effective date of any material change to the uses or disclosures, the individual's rights, the duties of the Plan or other privacy practices stated in this notice.

(b) **Minimum Necessary Standard.** When using or disclosing protected health information or when requesting protected health information from another covered entity, the Plan will make reasonable efforts not to use, disclose or request more than the Limited Data Set, or if necessary, the minimum necessary information necessary to accomplish the intended purpose of the use, disclosure or request, taking into consideration practical and technological limitations.

However, the minimum necessary standard will not apply in the following situations:

- (i) Disclosures to or requests by a health care provider for treatment;
- (ii) Uses or disclosures made to the participant or beneficiary;
- (iii) Disclosures made to the Secretary of the U.S. Department of Health and Human Services;
- (iv) Uses or disclosures that are required by law; and
- (v) Uses or disclosures that are required for the Plan's compliance with legal regulations.

(c) **De-Identified Information.** This notice does not apply to information that has been de-identified. De-identified information is information that does not identify an individual and with respect to which there is no reasonable basis to believe that the information can be used to identify the individual.

In addition, the Plan may use or disclose "summary health information" for obtaining premium bids or modifying, amending or terminating the group health plan, which summarizes the claims history, claims expenses or type of claims experienced by individuals for whom a plan sponsor has provided health benefits under a group health plan; and from which identifying information has been deleted in accordance with HIPAA.

Important Notice from Riverside Sheriffs' Association (RSA) About Your Prescription Drug Coverage and Medicare

This is an annual notice. It is to ensure that active members, retirees and their dependents have this important information. If you are already enrolled in a Medicare D plan through RSA and do not want to make any changes - no action is needed, your coverage remains the same. If you or a dependent is becoming Medicare eligible in the near future, please remember to contact the RSA Benefits Office at (951) 653-8014 before making any decisions about your coverage.

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with RSA and prescription drug coverage available for people with Medicare. It also explains the options you have under Medicare prescription drug coverage and can help you decide whether or not you want to enroll. At the end of this notice is information about where you can get help to make decisions about your prescription drug coverage.

- 1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare through Medicare prescription drug plans and Medicare Advantage Plans that offer prescription drug coverage. All Medicare prescription drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.**
- 2. RSA has determined that the prescription drug coverage offered by the Blue Cross of California and Kaiser Permanente is, on average for all plan participants, expected to pay out as much as the standard Medicare prescription drug coverage will pay and is considered Creditable Coverage.**

Because your existing coverage is on average at least as good as standard Medicare prescription drug coverage, you can keep this coverage and not pay extra if you later decide to enroll in Medicare prescription drug coverage.

Individuals can enroll in a Medicare prescription drug plan when they first become eligible for Medicare and each year from October 15th through December 7th. Beneficiary's leaving employer/union coverage may be eligible for a Special Enrollment Period to sign up for a Medicare prescription drug plan.

You should compare your current coverage, including which drugs are covered, with the coverage and cost of the plans offering Medicare prescription drug coverage in your area.

If you do decide to enroll in a Medicare prescription drug plan and drop your RSA prescription drug coverage, be aware that you and your dependents may not be able to get this coverage back.

Please contact us for more information about what happens to your coverage if you enroll in a Medicare prescription drug plan.

You should also know that if you drop or lose your coverage with RSA and don't enroll in Medicare prescription drug coverage after your current coverage ends, you may pay more (a penalty) to enroll in Medicare prescription drug coverage later.

If you go 63 days or longer without prescription drug coverage that's at least as good as Medicare's prescription drug coverage, your monthly premium will go up at least 1% per month for every month that you did not have that coverage. For example, if you go nineteen months without coverage, your premium will always be at least 19% higher than what many other people pay. You'll have to pay this higher premium as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following November to enroll.

For more information about this notice or your current prescription drug coverage...

Women's Health and Cancer Rights Act of 1998 (WHCRA)

Under federal law, group health plans, insurers, and HMOs that provide medical and surgical benefits in connection with a mastectomy must provide benefits for certain reconstructive surgery, effective for the first plan year beginning on or after October 21, 1998.

In the case of a participant or beneficiary who is receiving benefits under the plan in connection with a mastectomy and who elects breast reconstruction, federal law requires coverage in a manner determined in consultation with the attending physician and the patient, for reconstruction of the breast on which the mastectomy was performed, surgery and reconstruction of the other breast to produce a symmetrical appearance and prostheses and treatment of physical complications at all stages of the mastectomy, including lymphedemas.

Each of the medical plan options available through the Fresno Unified School District Health Plan currently covers mastectomies and reconstructive surgery. Coverage is subject to each plan's deductibles, coinsurance and benefit provisions. These provisions are generally described in the Plan Booklet or Explanation of Coverage.

NEWBORN MOTHERS HEALTH PROTECTION ACT

Under the Newborn and Mothers Health Protection Act, the following language is now included in the Health Plan:

The Plan will provide for a hospital stay of no less than 48 hours for the eligible mother and newborn child following a normal delivery and no less than 96 hours for a cesarean birth, unless an attending physician in consultation with the mother approves an earlier discharge. The time periods outlined above begin at the birth of the child. The law also prohibits a plan from requiring health care practitioner to obtain authorization from the Plan for prescribing a length of stay not in excess of those periods.
